

WestPlan 2024 Obligated Projects List

WestPlan is the designated Metropolitan Planning Organization (MPO) for all of Muskegon County as well as northern Ottawa County. As the designated Metropolitan Planning Organization (MPO), WestPlan is required by federal law to prepare a Transportation Improvement Program (TIP). In addition, MPOs are required to publish an annual listing of projects for which funds have been obligated in the preceding year as a record of project delivery and a progress report for local officials and public information.

To address these requirements, this report lists all transportation projects within the MPO that were obligated during Fiscal Year 2024 (October 1, 2023 - September 30, 2024). These investments include roads, highways, bridges, transit, as well as bicycle and pedestrian facilities. The Federal Highway Administration (FHWA) defines obligation as the federal government's commitment to pay or reimburse the project's federal share of eligible costs.
